Safety orders

The spotters' day is organized in order to enable photographers to take pictures in privileged conditions the day before the meeting on July the 2nd. You will be welcomed at the main airbase entrance and will be taken on your couriers. A bus will drive to the defined site and a briefing, in both French and English, will be given during the journey. We remind you that this day will end at 6 pm.

Your couriers will be at your disposal for any questions. **It is necessary to abide by all these orders to which you will be conveyed (For instance: Crossing the safety barriers is banned).** We remind you that we are posted into the red "Vigipirate" plan which requires the uppermost vigilance. Thus warning measures will be applied (visual examination of bags and the boots of the cars...)

I the undersigned,, confirm my registration for the Spotters afternoon organized on the airbase 103 on Saturday, July the 1st from 2 pm to 6 pm and I certify being aware of the safety rules.
